A CANADIAN REMEDY

For Costweness, Irregula, my and Debu of the Digestive Organs, Inducing Headache, 'assitude, Nervousness, General Prostration of the Mind and Body, Paralysis, &c.

A moment's reflection ought to convince a sensible man of the folis and danger of constantly dosing with Cathartic Medicines. The practice is pernicious and suici-dal. An experience of forty years has taught me that the constantly increasing evils of indigestion are fear-fully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspep-tics by their artificial modes of life. Drastic Cathartics increase the irritability, and prostrate the strength of the digestive organs.

The Fills now offered are especially designed to allay this irritability, and at the same time to invigorate and strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and ievigorating that one is not reminded by any disagreeable effects that he has taken medicine. Business Men, Students, Professional Men, Females, and all persons leading a confined or sedentary life, should all persons leading a confined or sedentary life, should

try them.

#### THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR Restoring

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered comething that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been torced to leave the field to its resistless sway. Read the following:

Bath. Maine. April 18th 1859.

Prof. O. J. Wood & Co. Gents: The letter I wrote you in 1856, concerning your valuatle Hair Restorative, and which you have jublished in this vicinity and elsewhere, his given rise to numerous inquiries touching the tacts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communi-

of my habitation and name, as stated in t'e communi-cation; second, is it true of all therein contained cation; second, is it true of all therein contained; third does ny hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of an life for forty years past, more soft thriffy and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as we has this, it has no doubt been busely imitated and here used, net only without any basely imitated and been used, not only without any good fut to absolue injury. I have not used any of "" l'esto a ive of ar y account for some months, and yet my hair is as good a- ever and hundreds have ex in-med it with surprise, as I am now 61 years old and not

agray heir in my lead or on my face; and to prove this fact I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles lest Strame: for which I am very grateful: I gave it to my friends and thereby induced them to try it. it to my friends and thereby induced them to try it, many were skeptic outil after trial, and then purchased and used it with universal success. I will ask as a favor that you send me a test by which I can discover frauc in the Restorative sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which curses the ininventor of the good. I deem it my duty as heretofore to keep you apprised of continues ffect on my hair, as I assure all who enquired for unhaken opinion of its valuable results. I remain, dear sir, yours.

A. C. RAYMOND.

Aarons Run fay., Nov. 30 1858.

Prof. O. J. Wood: Dear cir.—I would certainly be doing you a geat it justice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair

world, the wonderful, as well as the unexpected result. I have experenced from using one bottle of your Hair Restersive. After using every kind of Restoratives extant, but without success, and fasding my head nearly destitute of hair. I was finally induced to try a bottle of your Hair Restorative. Now candor and justice competime to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsom or than the original was. I will then fore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.
